All sins tend to be addictive  
And the terminal point of addiction is always  
Damnation

Filled with anguish, you feed on the weak  
Seized up with fear of yourself  
Now scabbing the darkness for that quiet place  
Where nothing really matters, no thoughts to erase

I am  
An image of you  
Lodged in there  
Running high in your veins

Welcome to my hive  
Where you can clear your twisted mind  
Lay down by my side  
Here you'll see we are two of a kind

Twisting your flesh and burning your skin  
Like a virus I find my way in  
Choking your last breath of unsoiled air  
Look deep in your soul and you'll find me there

I am  
An image of you  
Lodged in there  
Running high in your veins

Step into my hive  
Here we're all equally worthless  
Stay right by my side  
One false step and you might get burned

Surrender me your mind  
Now I control your life's desires  
I won't betray our feeble kind  
Come with me, let's bathe in that tempting fire

Piercing your skin  
Push the needle

I am  
An image of you  
Lodged in there  
Running high in your veins

Welcome to my hive  
Where you can clear your twisted mind  
Lay down by my side  
Here you'll see we are two of a kind

Piercing your skin  
Push the needle in  
Come with me  
Let's bathe in that tempting fire
