does anybody see him?  
another set up for the fall  
does anybody hear him?  
he's screaming at the same blank wall

and everyone (everyone)  
can't be right (be right)  
but everyone will decide (decide)

i'm not afraid of the price i pay  
i won't lie down as u walk a away-a-ay  
i'm not afraid of the price i pay  
i won't lie down as u walk a away-a-ay

I'm sure you must have seen him  
I know you must have heard it all  
i know you used to be him  
did anybody care at all?

and everyone (everyone)  
can't be right (be right)  
but everyone will decide (decide)

i'm not afraid of the price i pay  
i won't lie down as u walk a away-a-ay  
i'm not afraid of the price i pay  
i won't lie down as u walk a away-a-ay
