I didn't want a second chance
Now that's exactly where I am
Back where I didn't want to be
Back where I knew you'd find me out

I've never been afraid of you
I never will admit the truth
I know there's something I can do

I'm not afraid to face myself
But is it me or something else?
Makes me exactly what I am
That's something I will always doubt

I've never been afraid of you
I never will admit the truth
I know there's something I can do
