I've tried to ask the question  
Must be a million answers that just aren't there  
You try to find yourself and I'll try to live my life  
Well, I just don't care  
Well, I just don't care

Take a look at your life  
Tell me can you say you've done no wrong?  
Well, ask yourself the question  
Do you realize where you belong?

'Cause I've been down  
And I've been out  
And I've been there  
Well, I've been down  
And I've been out

I've been down this road a thousand times  
Nothing ever looks the same  
It seems to me something more  
That I might never see

I've been down this road a thousand times  
Nothing ever looks the same  
It seems to me something more  
That I might never see

Something more  
That I might never see

A thousand times  
A thousand times

'Cause I've been down  
And I've been out, yeah yeah  
And I've been there  
Well, I've been down, yeah  
And I've been out

Well, I've been down this road a thousand times  
Nothing ever looks the same  
It seems to me something more

That I might never see

I've been down this road a thousand times  
Nothing ever looks the same  
It seems to me something more  
That I might never see

Something more  
That I might never see
