14 hours to go
And the waiting's almost done
When I get back home
You're going to be the only one

Staring at the lights or staring at the sun
Everyday another fight or ill to overcome
Another day another place
Forgot the name but not the face
I've been away for too long to remember

14 hours to go
And the waiting's almost done
When I get back home
You're going to be the only one

Suspended animation countdown has begun

Hurry up and wait for all of the things that must be
done
It doesn't matter what state I'm in
They've all been waiting so let's begin
I know that when I'm back I'm going to miss it

I hate it when someone complains about their life
So I hope you know exactly what I'm saying
You won't get what you want without a sacrifice
Just be careful what you wish for you might get it
