

## Face To Face "Best Defense"

You haven't heard a word of what I said  
I'd give anything to get inside your head  
You act as if there's nothing left to say  
I guess everything is easier that way

I know that you don't want to think about it anyway

I won't let you hide from this  
Even with your best defense  
You can't deny the way you feel about me

I know you think about it all of time

But there's nothing left to make you change your mind  
I know you think you're doing what is right  
But you're acting on frustration out of spite

And I don't want to say another word to start a fight

And if you're so convinced that we're so wrong  
You're still standing here where you've been all along  
It doesn't make much difference where we think that  
we belong
