Hoes wanna oppose, like they know me or they knew me

But bitch you never blew me, so don't say a fuckin' thing to me

Cause I'm too fly to say hello HA HA

See you later, long good-BYE

Bitch yo, what you want pa

A: But you bitches look so good

But it don't mean no give a fuck

If there's one less bitches out the neighbourhood

Because I never did respect 'em

You know you could never give a

Kool G. Rap a swift kick in the rectum

Check 'em, develop a chick is a pig

Because mad niggaz bitches

They put they lips around a nigga dick (Come on niggaz)

Did they tell me how my dick is so much bigger (Yeah)

Swallow my nut if they forgot to call me Mister Nigga (Ah)

Sit back slap a bitch, Kool G. Rap

Bitch runnin' off for the track

Then a bitch got it slapped

So don't be a nigga sex-slave bitch

Don't try to be brave bitch

[Verse 2: Akinyele]

Yo, beatin' bitches up ain't nothing new to me
Whether you're down with social security
Or you're just here in fury
A ain't nothing but an agenda
You young bat, that comes and after all
You better hold on to your changes
Don't come talkin that slappin' shit
Cause that you're a woman, Miss
Don't think that it can't happen bitch
I make, bitches panick and sweat for their life
It's bad that bitches mostly get
Stabbed to death with they own knife
Todd skin bitches feel lack of blue
I cruise around town, cruise their ass with a .22 (Bitch)
Cali bitches get the gat that I'm blastin'
I think straight slang
Sprinklers I'ma (?) when they askin'
Get the man and his wolfpack
I pay them like D-pack
Each and everyone of them bitch is get slapped
Martial arts bitches get me fat
Who sees rollin' Bun
We say; Return of the living dead (Huhh)

Nobody's shit goes live
Miss Hong-Kong bitch
I break my foot up off in your ass (Yeah)
And don't bitch that keep 'em full of it
And the nigga alcoholic fake the thing
Some eyes in the third
And you are snitches, and never said it
Cause I be stompin' they ass
Just like the class of the wedded
And dancin' girls get me pissed
I'm the first straight hater to yell out:
Go stupid bitch! Go stupid bitch!
Ain't nothing good about me, girlfriend
You want a good boyfriend, check the ?Merige?
I heard they got a few good men (Yeahh)
Don't hear me I ain't get no love (Fuck that)
I'm member of the bitch haters club
I don't kiss and don't pump 'em up bitch
You stuck up bitch
"Don't call me a bitch"
Oh shut the fuck up bitch!
You don't get no respect, hell no!

[Outro]
