It's really easy if you try
To tell another hundred lies
But I'm not going this time

Just when you think I'm over it
It's getting easy to forget
And I haven't even faced it yet

I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
Stop falling down

I don't have anyone to blame
And I can't make anybody change
And I guess there's nothing more to say

I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
Stop falling down

And I won't believe it if you say that you will change
And I won't release you from responsibility
And I never wanted to come down on you this way
And I never wanted

It's really easy if you try
To tell another hundred lies
But I'm not going this time

I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
I never wanted anyone to be so wrong for you
Stop falling down
