Close your eyes and try to get to sleep now.
Don't you make a peep now.
We hear everything.
Shut the door and make it clean and neat now.
You've been so discreet now.
We've seen everything.
Inside your heart of hearts you know.

Pick yourself up off the floor and stand now.
You're acting like a man now.
You've got everything.

Forget about the places that you've been now.
Wash away your sin now.
You've got everything.
Inside your heart of hearts you'll know.
Will you choose to hide it in your soul?

If it's wrong.
And I'm feeling so indifferent.
I might be in danger of myself.

If it's wrong.
And i'm feeling so indifferent.
I might be in danger of myself.

Shut your mouth and get yourself to sleep now.
Don't let them hear you weep now.
You've got everything.
Inside your heart of hearts you'll know.
Will you choose to hide it in your soul?

If it's wrong.
And I'm feeling so indifferent.
I might be in danger of myself.

If it's wrong.
And I'm feeling so indifferent.
I might be in danger of myself.

If it's wrong (make it clean and neat now)

And I'm feeling so indifferent (you've been so discreet
now)
I might be in danger of myself
(we seen everything inside your heart of hearts you'll
know)

If it's wrong (make it clean and neat now)
And I'm feeling so indifferent (you've been so discreet
now)
I might be in danger of myself
(we seen everything inside your heart of hearts you'll
know)

Put yourself to sleep now

Put yourself to sleep now
