Close your eyes and try to get to sleep now,  
don't you make a peep now,  
we hear everything.  
Shut the door and make it clean and neat now,  
you've been so discreet now,  
we've seen everything inside your heart of hearts you  
know.

Pick yourself up the floor and stand now,  
you're acting like a man now,  
you've got everything.  
Forget about the places that you've been now,  
and wash away your sin now,  
you've got everything inside your heart of hearts you  
know.

Will you choose to hide it in your soul now?  
If it's wrong and I'm feeling so indifferent,  
I might be in danger of myself.  
If its wrong and I'm feeling so indifferent,  
I might be in danger of myself.

Shut your mouth and get yourself to sleep now, and let  
them hear you weep now, you've got everything in side  
your heart of heart now you know.

If it's wrong and I'm feeling so indifferent,  
I might be in danger of myself.  
If its wrong and I'm feeling so indifferent,  
I might be in danger of myself.

Put yourself to sleep now.
