Enough, how much is enough?
Tired of keeping up
Tired of treading water all the time

I'm done, but I won't be the one
Who tries to get ahead
Standing on the backs of other men

It may sound simple-minded, I don't care
It's never really been about what they think anyway

I'm still here and I'm okay
Doesn't matter anyway
Guess I should be sorry, I'm not
You would be the last thing on my mind

I'm fine, and I don't really mind
I barely have the time
But I'll admit I don't care anyway

I know it's probably getting old
To hear the reasons why
The world is ending every other day

It may sound simple-minded, I don't care
It's never really been about what they think anyway

I'm still here and I'm okay
Doesn't matter anyway
Guess I should be sorry, I'm not
You would be the last thing on my mind

But I get closer all the time
I've come full circle and I'm almost where I started
from
In spite of all that I have done
Never going back
Never going back
Gonna turn myself around and

I'm still here and I'm okay
Doesn't matter anyway

Guess I should be sorry, I'm not
You would be the last thing on my mind
