Friday night, 3am
Sinking to that place again
You don't know me anymore
Lay my head down on the rack
It was yesterday I just got back
I don't know if I will ever sleep again

Whoa oh
It looks like we might have to go
There's something telling me our cover's blown
Hey, hey
There's got to be a better way
Than running like we're marked men
There's no light of day

Inch by inch, killing time
Heading for the county line
A voice inside tells me to wait
No control, fading fast
Not sure how long this can last
I don't like what I've become

Whoa oh
It looks like we might have to go
There's something telling me our cover's blown
Hey, hey
There's got to be a better way
Than running like we're marked men
There's no light of day

Set it up, knock it down
A few days and another town
Someone's following behind
Take a breath, slow it down
Clinch my fist and stand my ground
You won't see me anymore

Whoa oh
It looks like we might have to go
There's something telling me our cover's blown
Hey, hey

There's got to be a better way
Than running like we're marked men
There's no light of day
