

## Face To Face "Shame On Me"

It started out all wrong  
I wasn't thinking  
Everything is wrong  
I couldn't see it

I guess I thought that things  
Would somehow try and work themselves out  
I'd like to think it's not so easy  
To convince myself that everything is going to be ok

Shame on me this time  
I was only trying to make the best of this  
I should have known

Fool me once then shame on you  
Again and I must choose  
Between suspicion and naivete

This is what you wanted anyway  
This time shame on me

I still believe I'm right  
Even though I understand your side  
You have your reasons
