I'll be the one you love
I'll be the one you love to hate
No way you're going back
Waited too long now it's too late

Don't call it desperation
You're circling the drain
Just a minor set back
You'll ignore the pain

You were supposed to be the golden boy
Yo're going out to shine tonight
Welcome back to nothing

I'll take you by the hand
I'll take your hand and I will bite
Your tail's between you legs
You're really giving up so quick this time?

It smacks of desperation
You're circling the drain
Set back after set back
It's misery and pain

They said you were the chosen one
You're going out to shine tonight
Welcome back to nothing.
