One mind, two words
Yes sir, I've heard
You should tell me
Three times, for good
Oh, I can't believe it, that you would stay, even if i told
you to go..

...away. away... and our thoughts will never be the
same. today, today.
So never mind, 'cause no one is to blame

This time is right
To stop this fight
No chance, no price
Let's just shake hands
Oh, i can't believe it
That you would say
The sweetest things
When you went...

...away. away... and our thoughts will never be the
same. today, today.
So never mind, 'cause no one is to blame

Bright frightened colours filled my broken eye.

Like a story of my memory that came from down
inside.
My blood runs through my veins,
My mouth is filled with words that are wishing me my
life
And telling me it hurts

Away! let your minds go
Away! don't get me wrong
Away! thoughts that run wild
Away! never let me go away

Break the spirits that surround me
Fill the spaces in between
Find the need for expression
In a one time only scene

I'm not just gonna let this pass by
And I'll never let it go

...away. away... and our thoughts will never be the
same. today, today.
So never mind, 'cause no one is to blame
