What's wrong?
What is going on in my head?
I don't know what happened to,
All the confidence I had in people.
I lost all the things I knew.

Make believe that I can trust again.
Pull me up cause I am sinking in.

I know it is wrong and not at all fair,
I am comparing you with her.
I wish I'd trip and fall down on my head
So I can forget the things I fear.

Make believe that I can trust again
Pull me up cause I am sinking in.

I'm waiting for you to take me back to the starting line.
I can't wait much longer for me to learn to trust again.

Can't say what is gonna happen to us.

I hope that it will make a turn.
Try to make it work if not then I will,
Tell you when the fire starts to burn.

Make believe that I can trust again.
Pull me up cause I am sinking in.

Try to make this work. If not, then I will tell you when to
stop.
Try to make this work. If not, then I will tell you to stop.

I'm waiting for you to take me back to the starting line.
I can't wait much longer for me to learn to trust again.
I'm waiting for you to take me back to the starting line.
I can't wait much longer for me to learn to trust again.
