Nothing seems to heal.
Nothing seems to change.
Everything is fading out
And everyone is strange.

I'm standing on a wire high above the ground.
And everyone is hoping to see me falling down.

So disappointed in you.
Now the sweet is turning sour.
Don't expect to find your answers cause they're
changing by the hour.

Take another shot and try to stay awake.
Show me what you've got and make no mistake.
Take another shot and try to stay awake.
Show me what you've got and we're on our way.

Run me down and pick me up.

So disappointed in you.
Now the sweet is turning sour.
Don't expect to find your answers cause they're
changing by the hour.
Take another shot and try to stay awake.
Show me what you've got and make no mistake.
Take another shot and try to stay awake.
Show me what you've got and we're half way there.

It came closer, so close.

I am so disappointed in you.
Now the sweet is turning sour.
Don't expect to find your answers cause they're
changing by the hour.

Take another shot and try to stay awake.
Show me what you've got and make no mistake.
Take another shot and try to stay awake.
Show me what you've got and there's no escape.

Run down every day.

Try to stay awake.
There is just no time.
No delay.
No sign of escape.
