Everything is so lonely
Here without you
You know I'm changing
Changing everyday
I can't live without you
If you not here at all
You can take my hand
Hold it until the end
I wish you could feel something
You could see my dream
You never see
When I became dead and dry
I'm fading in this cold wind
Just thinking were not far
What I think you should know
I broked all my heart

I'm falling apart today (2x)
When you teared my heart and fade
And destroyed my life the same

I'm falling apart today (2x)
I'm still broken on this day

Everytime I'm down
I always think of you
Everything is Hopeless
Hopeless without your presence here
This wind feels so cold
This feeling I might fade
If you could feel my heart
Feel it until I'm gone
Someday you might feel something
And you could be my strength

You always see
I became found and seen
I'm breaking myself so far
Just trying not so hard
What I think you Should know
I'm broken inside my heart

I'm falling apart today (2x)
When you teared my heart and fade
And destroyed my life the same

I'm falling apart today (2x)
I'm still broken on this day
It all came to an end

Oh someday you could feel inside
I wish I can get by
I will never feel the same
I can see the times I tried
Someday you could be here
I'm still sitting on this day
Hold my hand again
Someday we can run away

I'm falling apart today (2x)
When you teared my heart and fade
And destroyed my life the same

I'm falling apart today (2x)
When you teared my heart and fade
And destroyed my life the same

I'm falling apart again
