Hey, hey, yo is this thing on?
Oh, for a second there I thought that I was
Was the only one whose man put
His car before his girl,
Put his friends before the relationship,
But i guess these are the things we have to deal with
huh?

Stood me up for the thousandth time (thousandth
time)
Said he was runnin round
He was crazy busy at the studio.
I wanted to key his car, cut his his clothes,
I wanted him to die.
But then he stepped in for a second
And hit it and he made it alright.

Chorus:
He's a ladies man
A play boy
A smooth talking dough trickin
Hoe pimpin
Gotta go gotta go type of ni--a
Uses the same excuse
Knows every trick in the book
He aint no good
But I love this man

Repeat 2X
Any girl would probaly say that Im a fool,
Girl dont trip cuz you know that it done happened to
you,
You done ran into a guy that had your head all messed
up,
Got ya comin out your clothes, talk you out your
drawles,
And never fall in love.

Chorus 2X

I know he got another girl (I know)
I know he anit always at work (what kind of work in the

world?)
I know he really got the pay (he was working studio)
I know about the game he plays (I know)
I acted like I didnt know
Sometimes you gotta play the role (ya gotta play the
role)
Never made me feel like Im a hoe
But he made me feel like Im number one (number one)

Chorus2X

Dont know why I love him like I do (2X)
But I do (I do, I do)

Chorus fades
