Thick black clouds cover the sky  
One drop falls into this place  
Stepping toward the void which spreads before.  
Thick black clouds cover the sky  
One drop falls into this place  
I step toward the space before my eyes.

Seeing all along.

I won't be the same as before  
Close your eyes in darkness  
I won't be the same as before  
Through this light shining bright

I open up the map and go to take back the things left  
behind  
What is the truth? It should be in this place  
So, I'm not supposed to forget the things I've seen

I won't be the same as before  
Close your eyes in darkness  
I won't be the same as before  
Through this light shining bright

Say your feelings  
Break the walls around you, now you don't know where  
to go.  
Say your feelings  
Break the walls around you, now you don't know where  
to go.

Where to go?

Say your feelings  
Break the walls around you, now you know where to go.

Say your feelings  
Break the walls around you, now you don't know where  
to go.  
You can choose your own way not giving up on it  
You are who you are now.
