

## Fact

### "Why Save The Whales?"

Visit "[Why Save The Whales?](#)" on MotoLyrics.com

Funds collected in a humane cause, to rescue a  
mammal with enormous jaws  
One ate Pinocchio but you don't care  
Solicit money using solemn stares  
Acting educated, put on your act  
You make people think you've got the facts  
You study films, keep up on the news  
How could anyone be as noble as you  
Why save the whales, let's save us  
Give me the money, I'll open a trust  
You think the whales would save me and you, all they  
do is swim and spew  
This fetish for fish has got to end  
A helping hand I will not lend  
There's too much wrong here on the land, who cares  
what lives beyond the sand  
Green Peace is snaking all our loot for that humongous  
monster that they think is cute  
I bet if I were swimming way out at sea, one of those  
things would make lunch outta me.
