Mentality is down, everyone's astray  
(Mentality is down, everyone's astray)  
California dreamin' MTV all day  
(California dreamin' MTV all day)

I run to the store just to get a Coke  
And all they had was Pepsi, what a fuckin' joke

California dreamin', everyone's astray  
(California dreamin', everyone's astray)  
California dreamin' MTV all day  
(California dreamin' MTV all day)

Looking outside the window you can see the bay  
And then you'll know that this is the place to stay  
(Everyone's gone away)

California dreamin', everyone's astray  
(California dreamin', everyone's astray)  
California dreamin' MTV all day  
(California dreamin' MTV all day)

California dreamin', everyone's astray  
(California dreamin', everyone's astray)  
California dreamin' MTV all day  
(California dreamin' MTV all day)
