When the lights are low
How can you resist
When I kiss your ear?

I would like to know
If you've always felt
The way I'm feeling, dear

There's just one chance
For you and I
Let's make romance
Don't let love slip by
You will regret

When the lights are low
How can you pretend
That you just don't care?

Darling, can't you see
There is love for me
In your heart somewhere?

Don't let love
Slip through your hands
No, sweet darling
Don't spoil my plans

Please, don't hesitate
As my love won't wait for you
Oh, now, love won't wait
Oh, don't you hesitate

How can you resist
A tender kiss? I love you
Darling, love won't wait
Oh, don't you hesitate

In my love you'll find
There is happiness for you

Don't let love
Slip through your hands

Oh, sweet darling
Don't spoil my plans

Don't you hesitate
'Cause my love won't wait for you
Oh, now, love won't wait
Oh, don't you hesitate

How can you resist
A tender kiss? I love you
Darling, love won't wait
Don't you hesitate

In my love you'll find
There is happiness for you
