Right

Right, i've been so good so you are.
Hide my enemy.
I, have suffered.
In, they're right.
No one helps me.

Knee at yourself and watch you rock it with your pop
again.
Back at yourself, rich want bad.
Knee at yourself and watch you rock it with your pop
again.
Send me off to a boys in blue, rich want bad.

I'm losing my mind, but i'm so liked now.
I'm laughing inside, and i thought you'd fade away.

I need to see, i don't want.
I have my own mind, i don't know.
I need to see, i don't want.
I have my own mind, i don't want.

Knee at yourself and watch you rock it with your pop
again.
Back at yourself, rich want bad.
Knee at yourself and watch you rock it with your pop
again.
Send me off to a boys in blue, rich want bad.

I open my eyes, and i'm so liked now.
I'm laughing inside, as i don't play, lay.

You could see me suffer, whatcha thinkin' whatcha
think of me.
Watch me suffer, I am trying.
You can call me stubborn, watch me suffer, whatcha do
to me.
You can watch me suffer, let you cry.
Mad at yourself you punk, you'll still be lyin'.
You watch me suffer, just to bring it back again.
I don't wanna find the things that never let off me.

Watch yourself, livin (?).

I open my eyes, and i'm so liked now.
I'm laughing inside, as i want to fade away.
I hear my own voice, with the same familiar,
I'm losing my mind, but i'm so liked now.

Lover, i love to find out, it's just a lover, i love to find
out,
It's just a lover, i love to find out, it's just a lover.

Now watch you fry.

This is forever, i watch you fry again.
This is forever, rahhhh!!
This is forever, i watch you fry again.
This is forever.

Knee at yourself and watch you rock it with your pop
again.
Back at yourself, rich want bad.
Knee at yourself and watch you rock it with your pop
again.
Back at yourself, rich want bad.

You can see me suffer, you can watch me hit the moon.
You can watch me suffer, i am trying.
You can find me suffered, fuckin' with the clear moon.
You can watch me suffer, I'm a lie (alive)?
