Coitus interruptus
I digress, I've tried again
All this love sick repetition
I confess, I lied again
Coitus interruptus
Emission impossible
Catch this blood clot in a vacuum
Get your cheap thrills
I'll do it my way
The boys sleep with girl
The boys sleep with boy
Never find that high
Never acting coy
Never acting coy
Coitus interruptus
I digress, I've tried again
All this love sick repetition
I confess, I lied again
Coitus interruptus
Emission impossible
Catch this blood clot in a vacuum
Get your cheap thrills
I'll do it my way
The boys sleep with girl
The boys sleep with boy
Never find that high
Never acting coy
Never acting coy
