Visit "[Swallow It](#)" on MotoLyrics.com

Take your medicine
Scented roses
One for the sake of it
Keep to small doses
Swallow it
Like a good girl
Swallow it
Like the fool you are
Swallow it
Like a good boy
Swallow it
Like the fool you are
You believe in anything
Put in front of your face
Watch the mass be served more trash
Up to my neck in garbage
Swallow it
Like a good girl
Swallow it
Like the fool you are
Swallow it
Like a good boy
Swallow it
Like the fool you are
Poisoned personalities
Talking in household names
The package is the prize
That's sure to catch your eye
And the contents taste the same
Swallow it
Like a good girl
Swallow it
Like the fool you are
Swallow it
Like a good boy
Swallow it
Like the fool you are
Like the fool you are
Like the fool you are
