Golden handshakes, secret signs  
Walls have ears and telephone lines  
Judge and defendant, sacred brothers  
Drop the charge and accuse the others

They make history, they make the law  
(The brotherhood)  
They make money, they make war  
(The brotherhood)  
Power corrupts and power succeeds  
(The brotherhood)  
And you take the whip right down on your knees  
(The brotherhood)

The butcher, the baker,  
The candlestick maker  
The whole of the Government  
And its caretaker  
Doctors and lawyers, priests and crooks  
Some unemployed just to cook old books  
Their hearts seem cold  
And their minds are sick  
The things they'll do just to get their kicks  
Spirit has spread right across the nation  
In forty-eight percent of the population

They make history, they make the law  
(The brotherhood)  
They make money and they make war  
(The brotherhood)  
Power corrupts and power succeeds  
(The brotherhood)  
You have to join the club to get what you need  
(The brotherhood)

They make history, they make the law  
(The brotherhood)  
They make money and they make war  
(The brotherhood)  
Power corrupts and power succeeds  
(The brotherhood)

I may be a drag but I don't brag  
(The brotherhood)

The brotherhood  
The brotherhood  
The brotherhood  
The brotherhood  
The brotherhood
