Bridge to Nowhere, is where I stand.  
Dreams behind me, a broken man.

I've been to Heaven, and I've seen Hell.  
But which is better? I can't tell.

So stand beside me, for when I fall.  
Or stand above me, and watch me crawl.

Chorus:

Don't you realize I've got nothing to lose?  
Life or death for me, I can't choose.  
No one cares when the Devil calls,  
and watch them step aside as the angels fall!  
Can't you see, I need someone to help?  
Take my hand as it reaches from Hell.  
Don't you see, I need someone to care?  
I've lost my way on a bridge to nowhere!

To be or not be, who gives a damn?  
Love who used to be, Hate who I am.  
I miss the sunshine, but I love the rain.  
I'm finding comfort in all my pain.

At last I've found my peace, so please don't cry.  
And to my former self, I wave goodbye.

Chorus:

Don't you realize I've got nothing to lose?  
Life or death for me, I can't choose.  
No one cares when the Devil calls,  
and watch them step aside as the angels fall!  
Can't you see, I need someone to help?  
Take my hand as it reaches from Hell.  
Don't you see, I need someone to care?  
I've lost my way on a bridge to nowhere!

Bridge to nowhere. Burn my bridge!

Bridge to Nowhere, is where I stand.  
Dreams behind me, a broken man.
