How did I know that the warmth of the glow would last  
And how did I guess that the long loneliness was past  
I merely looked at you and I knew then and there I knew  
It's you or no one for me

I'm sure of this every time we kiss  
Now and forever when forever is done  
You'll find that you are still the one

So please don't say no to my plea  
'Cause if you do then I'm all through  
There's this about you  
My world's an empty world without you  
It's you or no one for me

It's a matter of now and forever  
When forever is all done  
You'll find you are still the one

So please don't say no to my plea  
'Cause if you do then I'm all through  
There's this about you  
My world's an empty world without you  
It's you or no one for me

It's you or no one for me  
It's you or no one for me
