The sky was blue
And high above
The moon was new
And so was love

This eager heart
Of mine was singing
Lover, where can you be?

You came at last
Love had its day
That day is past
You've gone away

This aching heart
Of mine is singing
Lover, come back to me

Well, I remember every little thing
You used to do
I'm so lonely

Every road I walk along
I walked along with you
No wonder I am lonely

The sky is blue
The night is cold
The moon is new
But love is old

And while I'm waiting here
This heart of mine is singing
Lover, come back to me

Well, I remember every little thing
You used to do
Honey, I get oh, so lonely

Every road I walk along
I walked along with you
Ain't no wonder I am lonely

The sky is blue
The night is cold
The moon is new
But love is old

And while I'm waiting here
This heart of mine is singing
Lover, come back
Lover, come back
Lover, come back to me

Lover, come back
Lover, come back
Lover, come back to me

Lover, come on back
Lover, come on back
Lover, come on back to me

Come on back to me, girl
Come on back, girl
Lover, come back to me
