"The Good Life"

Oh, the good life, full of fun seems to be the ideal
Yes the good life lets you hide all the sadness you feel
You won't really fall in love for you can't take the
chance
So be honest with yourself, don't try to fake romance

It's the good life to be free and explore the unknown
Like the heartaches when you learn you must face
them alone
Please remember I still want you and in case you
wonder why
Well, just wake up and kiss the good life goodbye

It's the good life to be free and explore the unknown
Like the heartaches when you learn you must face
them alone
Please remember I still want you and in case you
wonder why
Well, just wake up and kiss the good life goodbye
