It's the name of love
It's the name of green
It's the name of Michael Learns to Rock

For the time
Who wants to live forever, it's the name?

It's the game of love
It's the game of green
It's the game of Michael Learns to Rock

For the time
Who wants to live forever, it's the game?

For always of love
For always of green
For always of Michael Learns to Rock

For the time
Who wants to live forever, for always?

I said, for the time
Who wants to live forever, for al-al-al-al-always?

Forever (repeat to fade)
