what will happen if the day is gone
what will happen if you never call
you say we will be together again
but you are not giving me it all

if tomorrow was yesterday
will you bring me back
if tomorrow was yesterday
will you take me in
what if i was younger
will we ever be together
if tomorrow was yesterday
what will we do

monday night i called you
and you told me that we were through
why did it have to be me
in this battle for two
are we through?
re we through?

(chorus)

if tomorrow was yesterday
will you bring me back to you
baby baby baby you
you you you
i wanna hold you tight
until my days are through
until my days are nights
bring me back
bring me back to you

if tomorrow was yesterday
