Pick you up in my limousine
Fuck the tux, I'll be wearing jeans
Your tight red dress
oh! You're ready to rock

This will be a nite that you'll never forget
I'll teach you smoe stuff that you won't regret
Let out your lust
Oh! You're mine tonight

Gonna get laid on your prom nite, ooh oh!
Gonna get laid on your prom nite, baby, yeah!

We'll be lying skin by skin
Behind the bushes, drinkin' gin
These summer nights
Oh, they make you hot

You start to sweat, baby take off your top,
Better than that, take it all off!
Try your best
Oh! I'll do the rest

Gonna get laid on your prom nite, ooh oh!
Gonna get laid on your prom nite, baby, yeah!
