Hmm mmm...

Oh, oh, oh...

Well, I went to the dance  
It was half past eight  
My little girl had put me down

When I walked through the door  
I was glad I wasn't with her  
Because I saw her just in time

I started singing (oh, oh...)  
Gonna find me a new girl tonight

She was sitting in  
The corner all by herself  
She was looking all around

I asked a little chick  
I says, who is that  
She said, her, she's new in town

I winked at her  
She blinked her pretty eyes  
Cold chills ran down my spine

I moved closer and closer  
Step by step  
I couldn't believe  
She was so doggone fine

I started shouting (oh, oh...)  
Gonna find me a new girl tonight

When I asked her her name  
I could hardly see cause  
Her beauty had made me blind

She whispered in my ear  
With a real sweet voice that  
I could make hers

The same as mine

(Oh, oh...)

Everything is gonna be all right

Then she kissed me

I got a new girl now

Everything is gonna be all right

Cause I got a new girl now
