Someone said they'd like To set you up They're gonna feed on You just sleep now Should've know they'd Try and make you cry They're gonna have fun Now don't fight it Let me come undone in Your house I need to kill some Time tonite Let me come undone in Your mouth I need to know that your The same Could've guessed you Were the only one They wanted to laugh at Believe them No surprise you let it Get to you It was always there Can't hide it Your face is easy to hate Looking helpless And sincere Curls up in self-sickness Lick your wounds and Dream of home Let me come undone in Your house Let me come undone And kill some time Let me come undone in Your mouth Let me come undone And feel the same
