[Verse 1]

It blinded me to see the way this ended up
It's like a moment descending from the sky above
I'm left comprehending
How Our time has gone

[Chorus]

Come quickly now (repeat)
Hoping this escapes you oh so fast (oh so fast)
It's like the best of what we had (like the best of what
we had)

It's like the best of what we had

[Verse 2]

My heart is like the sand
Everyone who has one left prints
Of what once was
I'm praying for my healing
I'm eating bread two separate times
But you won't let it let it leave my mind

[Chorus] 2x
