It's always been your choice
To leave me all behind
It's still your trust in me and one thing you will find

I'll be the one to catch you when you take that fall
I'll be the first in line to save you from it all

With this extent place for all to see
Open up your eyes and find you place when

I'll be the one to catch you when you take that fall

I'll be the first in line to save you from it all

I'll be the one to catch you when you take that fall
I'll be the first in line to save you from it all

I'm Reaching Out
Open Up and Find
Your Place with me

I'm Reaching Out
Open Up and Find
Your Place with me
