It hapened all so fast
and now I'm torn in two
These thoughts rising up
constricting my view
My heart beats faster now
I'm at my breaking point
This seems too played out
Where will my story go

Its building up
beyond my control
My fingers on the trigger now(let it go)
It's selfish I know
But I can't take much more(just let go of this pain you
hold)
Caught up in the race
At speeds I can't endure
I once was at the top
Feeling so secure
The inner struggle starts
I'm feeling desperate
There must be something more
How will this page unfold

Realizing while I'm still alive
Wake me up now
It's building up
Beyond my control
My fingers on the trigger now(let it go)
It's selfish I know
But I can't take much more(just let go of this pain you
hold)
Wake me up
