Tears running down
From the face of the silence
Into the dreams of my night
Open my eyes
?Til the wake of the grey morning light
See how we walk down
The roads of illusion
Cautiously pacing in line -
Soldiers of fate
On our way through the deserts of time

Seeing myself with the eyes of a stranger
Making my way through this land
Watching me rise from the past to the future
Laying my soul in your hand -
In your hand

Travellers appear
From the coastlines of nowhere
Crossing the rainbows of light
Guiding our way
On this lonely crusade through the night

Seeing ourselves with the eyes of a stranger
Making our way through this land
Watching us rise from the past to the future
Laying our souls - laying our souls -
In your hand

I?ve seen myself stumble and fall
Into this life
Finding no place where I belong
You picked me up - eased up my mind
I will be there
When time has come

Seeing myself with the eyes of a stranger
Out on the fields of this land
Watching me rise from the past to the future
Laying my soul - laying my soul
In your hand -

In your hand
