Morning light is breaking  
Distant skys alight  
Melting down the shadows of the night  
I find myself still dreaming  
As I open up my eyes  
To the beauty of new day come alive  
For the times they are a-changing  
I can feel in the air  
And wherever they will drive me  
I don't care  
I follow my heart  
Down the road Im riding  
Led on by the sun to a new days shine  
So don't call me back  
To those lost horizons  
I follow my heart  
I follow my heart this time  
Im singing to the sunshine  
Laughing at the rain  
Guided by the whisper of the wind  
And down the road of night-time  
When evenings come again  
Ill be waiting for a new day to begin  
And the worries bout the future  
They are fading in the past  
For the love that I am feeling  
It will last  
I follow my heart  
Down the road Im riding  
Led on by the sun and the fire inside  
So don't call me back  
To those lost horizons  
I follow my heart  
I follow my heart tonight yeah, come on...  
I follow my heart  
Down the road Im riding  
Whatever may come or be shall be  
So don't call me back  
To those lost horizons  
I follow my heart  
And one day Im breaking free
