So here we are - just you and me
Love's refugees again.
Girl, it's been so long
But still you are so close
I guess the way we're feeling
Still remained the same.

So there they are - the memories
Bringing back the dreams we learned to hide
And as we're looking back
Love is walking by
Leaving just a blossom
For all the tears we cried.

Take me up - just for one more time
High above the shadows, of those long, lonley nights
Hold me tight - just for one more time
'till the new morning's breaking.

Two burning hearts - that's all we are
Turning back the time for just one night.
But as we're moving on
All our dreams remain
Like a secret promise
Before we said goodbye

Take me up - just for one more time
High above the shadows, of those long, lonley nights
Hold me tight - just for one more time
'till the new morning's breaking.

- guitar solo -

Take me up - just for one more time
High above the shadows, of those long, lonley nights
Hold me tight - just for one more time
'till the new morning's breaking.

'till the new morning's breaking.

'till the new morning light...
