Timmy:

I wished everyday would be Christmas

Geepers, how foolish I was

It Isn't a gift

And Isn't a toy

Its the family and friends

That I really enjoy

I wish that tomrrow weren't Christmas

But I wish that the feeling would stay

'Cause Christmas can always be there in your heart

And never be locked in just one single day!

Its great that tomorrow ain't Christmas

In Dimmdales and London and Rome

If I had just one wish

I'd think it be this

I really just wanna go home now

*Spoken*I really just wish I were home.
