Can love save
The rest that remains
How can we see
The times that we're in
When will we learn
We can live as one
We're not the same
And that's half the fun
When can we say
The future's full of hope
The old days are gone
A new era's here
We've weathered the storm
There's nothing to fear
The old days are gone
A new era's here

(Chorus)

That's why, I keep lovin
That's why, I keep givin
That's why, I keep reachin
That's why, I keep singin
That's why, you keep lovin
That's why, you keep givin
That's why, you keep reachin
That's why, you keep singin

How can we know
The time to start again
On the way back home
Trouble stares us in the face
But a weapon is love
And the more you use it
Real people, they just appear
They make your day
Your heart overflows
Then you'll say
Ain't no other way
I'm startin today
Cause there's nothing to fear
The old days are gone

A new era's here

That's why, I keep loving
That's why, I keep givin
That's why, I keep reachin
That's why, I keep singin
That's why, you keep lovin
That's why, you keep givin
That's why, you keep reachin
That's why, you keep singin
Somehow, just keep lovin
Somehow, just keep givin
Somehow, just keep reachin
Somehow, just keep singin
Keep reachin, you gotta keep on reachin
Keep reachin, cause how can we know
Keep reachin, how can we see
Keep reachin, the time
Keep on reaching
