People watch us
Thinking that they know
What's inside of mine?
But the secrets we keep
Are ours all alone
And if they don't understand
That's alright with me

(Chorus)
They say it's a sacrifice
A chance we shouldn't take
They say it's a compromise
A risk for it's sake

But that's alright with me
I'm strong to the end
(Even)if they refuse to see
It's not the outer thing
The choice we made
To just keep on going
And if they keep on looking
Light might come their way

They say it's a sacrifice
A chance we shouldn't take
They say it's a compromise
A risk for it's sake
How can it be a sacrifice
When love lights our way
To see each other as we are
Is above any risk we take
(Sax solo)

They say it's a sacrifice
A chance we shouldn't take
They say it's a compromise
A risk for it's sake
How can it be a sacrifice
When love lights our way
To see each other as we are
Is above any risk we take
We've got to keep on going

Until we get this straight
To see each other as we are
Is above any risk we take
They say it?s a sacrifice
They say it?s a compromise
