"Sickness And Diseases"

I do hate to see a rover crippled in the stones
Now he's one step nearer to the ground
And I do hate to see a hawker broken in the bones
(Chorus)
Sickness and diseases pull you down, pull you down
Sickness and diseases pull you down
Everybody's got the sickness, everybody's down
Running to the doctor with a pound
"Doctor, doctor, do you have a needle big enough for
me?"
(Chorus)
(Chorus)
My friend Billy, well he looks so ill, his face is white as
milk
Everybody runs for miles when he's in town
He's got every known disease and some without a
name
(Chorus)
If you want to live to be a poor man or a prince
Pay good attention when evil times abound
Always listen to what your mother says and stay in bed
at night
(Chorus)
(Chorus)
