Walking cold and lonely -
Through the streets at night
Fears and worries going through my mind

Through I feel you're with me -
It's an endless fight
Keeping up the promise, that I made -
This time -

Can you hear the call of my heart
Can you hear it screaming your name
Can you hear the call of my heart -
Don't let it be in vain

There's a world about us -
Fighting to survive
It's a task our hearts just can't deny

Through these times of changes
We're bound to fight
Taking up the challenge, that we face -
This time.

Can you hear the call of my heart
Can you hear it screaming your name
Can you hear the call of my heart -
Don't let it be in vain

-Solo-

Can you hear the call of my heart
Can you hear it screaming your name
Can you hear the call of my heart
Like a voice you can't deny
And it's rising up like a flame

Can you hear it - yeah, yeah, yeah -
Can you hear it, can you hear it.

The call of the heart - don't let it be in vain
The call of the heart

The call of the heart - don't let it be in vain
The call of the heart...
