(Chorus: Murphy Lee)

These streets, is way too crucial  
I just don't know, 'bout fuckin' with new hoes  
These streets, is way too crucial  
I just don't know, 'bout fuckin' with new hoes

(Hook: Ali)

I keep the same flock, treat em good  
Get they mind right, and take em out the hood  
Fuck a new ho, I keep it real though  
Buy em new clothes and shit, but, um, no dough

(Ali)

Like Presents, she worked at the liquor sto'  
So I don't pay for blunts or them bottles of Mo'  
She got the hookup, she loves to bone  
She love the way the new Q sittin' on chrome  
She love the way the hood, talk about it  
How it used to be rowdy, calmed down and got bout it  
I can't doubt it, it's deep more than just sexin'  
It's conversation buildin' the Earth based on lessons  
Pussy ain't shit without a brain behind it  
Got these queens actin' like hoes simple-minded  
Never overzealous, I gasp at what a lady tell us  
Keep it peace to God, love Allah, never fellas

(Chorus: Murphy Lee)

(Hook: Ali)

Like Moon she conservative, stackin' the funds  
Manage Foot Locker so I keep Air Force Ones  
We sit and talk, net game, net lost  
Portfolio, she a broker I bought  
Two cribs in Spanish Lake, one in Burlington down  
She put me on at no fees, just me around  
It's sufficient, ate your momma Diva in the kitchen  
Veggie burger with cabbage, fresh water lavish  
She study and meditate, part-time student  
Work a lot, only I can hit the spot  
Showin' self-control, controllin' my soul

Easy come, easy go, but all women ain't hoes

(Chorus: Murphy Lee)

(Hook: Ali)

(Ali)

Like Crane that's my boo, I got nothin' but love  
She got a fat ass she work at the gentlemen's club  
Straight freaky, straight kinky, straight wild  
She like to ride but she love dogs with style  
Only if her son ain't home, even though we grown  
That's somethin' she want him to come to on his own  
So we do a lot at Radisson and Embassy Suites  
Sometimes we don't make it, end up in the backseat  
She go to Fontbonne, low cuts to class  
Keeps the boys horny, and the faculty mad  
But it's real with me, do you I got the back  
Cause me and you connectin, it's hard to find that

(Chorus: Murphy Lee) x2
