Yeah  
We're pixies  
Yeah  
We're pixies, we're pixies  
Check out our mad wicked mixies  
We got square heads,  
big pointy caps  
Clean out your ears  
And hear my rap  
Yo H.P.

H.P.

Yo!

Sanderson:

You in charge

H.P.

I may be small,  
but my goals are large  
I'm not a hater,  
but I must cater  
to my mission  
my ambition  
To be  
the world administrator

Sanderson:

I'm Sanderson,  
I'm anti-fun  
And all those fairies  
can bite my buns  
With my boss, H.P.  
We gonna be  
The big time rulers

H.P.

--You got that chief

Both:

We're pixies, we're pixies  
And since the 1960s  
We raised that clown  
to be our tool  
To beat the fairies  
So we can rule  
We're pixies, we're pixies  
It's going south,  
we predi-xies  
We can't stop now  
The time is near  
Where Fairy World  
and this world here  
Are ruled  
by us  
By us, you hear  
By us, you hear  
By pixies (By pixies)  
We're pixies  
Strong like Bill Bixby  
We're pixies  
Yeah  
We're pixies  
Yeah  
We're pixies  
Just pixies  
Pixies
