The night was young for deliverance
The path clear for all
In the darkes of thunder we follow the one
The time when Cenos fooled all alike
The dreams were bestowed
For the love of our pears we will sing and rejoice

The night was young for deliverance
The path clear for all
In the darkest of thunder we follow the one
The time when Cenos fooled all alike
The dreas were bestowed

bridge:
The nightmare is over now
Angels will sing through endless times

chorus:

Welcome the times when angels are coming tonight
Before my eyes, within my dreams
Welcome the time
When shadows are falling tonight
To reach the coast, freedom for all
We'll sail across the endless sea

The night was young for deliverance
The path clear for all
In the darkest of thunder we follow the one
The time when Cenos fooled all alike
The dreams were bestowed
For the love of our pears we will sing and rejoice
